

Effingham Parish Council

WISLEY APPEAL QUESTIONNAIRE

June 2017

This survey is being carried out by Effingham Parish Council and the Effingham Residents Association to assess the views of local residents towards the proposed development of up to 2,068 homes at the site of the former Wisley airfield (GBC references: 15/P/00012 and APP/Y3615/W/3159894). Results of this survey will be used to inform the planning appeal public inquiry due to begin in September 2017.

To assist in our analysis of responses, please provide the following details:

POST CODE	ROAD NAME	NUMBER or HOUSE NAME

1) Do you support the proposed development at the former Wisley airfield?

(Tick one box)

- Yes, I support the proposed development
- No, I do not support the proposed development
- I neither support nor oppose the proposed development
- I don't know

2) What are the main reasons for your answer to Question 1 above.

.....

.....

.....

.....

3) Wisley Property Investments Limited (WPIL) propose to build a new primary school in year 7 of the development and a new secondary school in year 8. What impact do you think the Wisley development might have on school places for Effingham children before these schools open?

(Tick one box)

It will have no impact in Effingham, as the Wisley children will not go to Effingham schools

It will have a moderate impact on the availability of school places for Effingham children

It will make it much harder for Effingham children to secure school places in Effingham

I don't know

4) What impact do you think the Wisley development might have on traffic congestion on the Effingham Common Road and at the road junction with Forest Lane?

(Tick one box)

It will reduce traffic congestion on Effingham Common Road and at the Forest Road junction

It will have a moderate impact on congestion on Effingham Common Road and the Forest Road junction

It will significantly add to congestion on Effingham Common Road and at the Forest Road junction.

I don't know

5) What impact do you think the Wisley development might have on road traffic congestion in Effingham generally?

(Tick one box)

It will have little or no impact on congestion in Effingham generally

It will have a moderate impact on congestion in Effingham generally

It will have a significant impact on congestion in Effingham generally

I don't know

6) WPIL proposals have suggested the closure of the northbound Old Lane exit to the south-westerly bound A3. What will be the impact on you of the closure of the northbound Old Lane exit on to south-westerly bound A3?

(Tick one box)

It will have little or no impact as the developer plans to make a new westbound exit on to the A3 at the Ockham road junction

It will have a moderate impact

It will be an inconvenience and increase my journey times

I don't use the Old Lane junction to get to the A3

7) What impact do you think the development might have on car parking at Effingham Junction station?

(Tick one box)

It will have little or no effect on parking availability at Effingham Junction station

It will have a moderate effect on parking availability at Effingham Junction station

It will have a severe effect on parking availability at Effingham Junction station

I don't park at Effingham Junction station

8) What impact do you think the development might have on the availability of seats on the Effingham Junction to Waterloo service at peak times?

(Tick one box)

It will have little or no effect on the availability of seats on trains

It will have a moderate effect on the availability of seats on trains

It will have a severe effect on the availability of seats on trains

I don't use the train services at peak times

9) WPIL propose to fund the cost of a local medical centre at the development, however the time-scale is not specified. What impact do you think the development might have on your local GP surgery?

(Tick one box)

It will improve waiting times at my the GP surgery due to the proposed medical facility on the development site

It will have a moderate impact on waiting times at my GP surgery

It will significantly increase waiting times at my GP surgery

I don't know

10) Please describe any other important impacts you believe this development might have:
