What we are doing

We will be carrying out emergency repairs to the drainage system on Effingham Common Road, Effingham.

Works area & closure : 
Diverson Route: 

Information for residents and businesses

Effingham Common Road will be closed for the duration of our works, whilst we carry out our repairs to the drainage system from outside property called Phoenix Cottage to outside the property called Terriston.

This will take approximately 14 days to complete.

There will be a diversion route in place, see map on the opposite page.

We will make sure you can get to and from your house or business when it is safe to do so. Please talk to a member of our staff on site if you need help – talking to our staff can solve most issues.

Delays in work

Our work is sometimes delayed by bad weather. We will keep you updated on any changes via the advance warning signs.

Updates

If you would like to sign up for updates on these works, you can do so using the roadworks map at [one.network](#) and searching for your road.

Parking

It is essential to keep the works area free from parked vehicles. Please park somewhere else during our works - utilising nearby roads and driveways wherever possible. We appreciate this is not always easy however it prevents us needing to return to the road to carry out additional repairs, or for us to have to tow your vehicles to nearby roads. If you have any special requirements, please speak to the team on site. You will still be able to park on your drive and access to drives will be maintained; but there may be a delay getting on and off through the works. Please allow extra time for journeys.

Noise

There will be some noise, but we will try to keep this to a minimum.
