& Book signing by a local author**

# Effingham Commoners' Day

**Sunday 28th September 2025 12.00 to 16.00**

There are many commons around the country today, but Effingham Common is particularly special: it is one of the few where Commoners' rights still exist. This September there will be a chance to witness the exercise of the Commoners' rights, and find out about the history and ecology of the Common.
